I. INTRODUCTION

1. This group comprises 39 claims (Claims) in category A2.3 – Serious personal injury (Group).
2. The Claims have been reviewed by the Secretariat in accordance with Article 19 of the Rules Governing the Submission, Processing and Recording of Claims (Claims Rules).

II. METHODOLOGY

3. The Group was formed by the Secretariat according to the following criteria:
 - a. the Claims were filed by natural persons who are Ukrainian nationals;
 - b. the Claims were filed by adult Claimants on their own behalf;
 - c. the Claims concern serious personal injury;
 - d. as per the Claimants' submissions, the events causing the serious personal injury occurred in the internationally recognised territory of Ukraine;
 - e. as per the Claimants' submissions, the events causing the serious personal injury occurred on or after 24 February 2022;
 - f. the Claimants did not select any special status, but upon individual review turned out to be military service members at the time of the events causing the serious personal injury;
 - g. as per the Claimants' submissions, the serious personal injury was caused by: (i) shelling, (ii) the explosion of mines or other explosive devices, or (iii) other events linked to the internationally wrongful acts of the Russian Federation;
 - h. the Claims contain documentary evidence *prima facie* supporting the existence of the serious personal injury and the causal link between the injury and the internationally wrongful acts of the Russian Federation;
 - i. the Claims fulfil the general requirements set out in Articles 10 and 13 of the Claims Rules, as well as the technical requirements prescribed by Article 17 of the Claims Rules; and
 - j. the Claims have not been the subject of a Board decision to date.
4. The Board has reviewed the criteria and the methodology applied by the Secretariat to identify and select the Claims in the Reparations Claims Management System (RCMS) for inclusion in the Group. Moreover, the Board has assessed the verification conducted by the Secretariat to ensure that the Claims meet the eligibility criteria.

III. ASSESSMENT

5. Article 6.5(c) of the Statute of the Register of Damage Caused by the Aggression of the Russian Federation against Ukraine (Statute) provides that the Board has the “ultimate authority in determining the eligibility of claims to be recorded in the Register, based on the recommendation of the Executive Director”. In accordance with Article 2.1 of the Statute, the Register’s role is to assess and determine the “eligibility of claims for inclusion in the Register” and to record eligible claims “for the purposes of their future examination and adjudication”. The Register does not have any adjudicative functions with respect to such claims, including a determination of responsibility and an allocation of any payments or compensation.
6. On this basis, the Board considers that in the performance of its functions under the Statute, its role is limited to ascertaining whether the criteria for the eligibility of claims submitted, as laid down in Article 2.2 of the Statute and Article 18 of the Claims Rules, have been met. This determination is made applying a *prima facie* standard of review of the evidence and information provided in the recommendation of the Executive Director.
7. Pursuant to Article 18 of the Claims Rules, claims shall be eligible for recording if they meet the following criteria:
 - a. the claims are submitted by or on behalf of an eligible Claimant;
 - b. the claims are for damage, loss, or injury that occurred on or after 24 February 2022;
 - c. the claims are for damage, loss, or injury that occurred in the territory of Ukraine within its internationally recognised borders, extending to its territorial waters; and
 - d. the claims are for damage, loss, or injury that was caused by the Russian Federation’s internationally wrongful acts in or against Ukraine.
8. Claims cannot be recorded in the Register if they are manifestly unfounded.
9. The Claimants in the Group are natural persons of Ukrainian nationality who have submitted Claims on their own behalf. The Board notes that the Claims concern serious personal injuries sustained by Claimants who did not select any special status but who, upon individual review of the event descriptions and documentary evidence attached, turned out to be military service members at the time of the events that caused the serious personal injury. The Claimants therefore *prima facie* qualify as combatants under international humanitarian law. The Board recalls its previous determination that

claims for serious personal injuries sustained by combatants can in principle be recorded in the Register if they otherwise meet the eligibility criteria.¹

10. The Claims concern serious personal injury. All injuries were caused on or after 24 February 2022 based on the event date indicated by the Claimants as well as, where available, the event date recorded in the medical certificates or other documentary evidence (such as police reports, judicial documents, or photos) attached. The events causing the serious personal injuries occurred within the internationally recognised territory of Ukraine based on the event location indicated by the Claimants as well as, where available, the event location recorded in the documentary evidence attached.
11. The Claims concern injuries caused by: (i) shelling, (ii) the explosion of mines or other explosive devices,² or (iii) other events linked to the internationally wrongful acts of the Russian Federation. The Claims further contain documentary evidence *prima facie* supporting the existence of the serious personal injury and the causal link between the injury and the internationally wrongful acts of the Russian Federation.
12. The Board therefore determines that the eligibility criteria in Article 18 of the Claims Rules for recording the Claims in the Register are met.

IV. DECISION

13. Pursuant to Articles 2.2 and 6.5(c) of the Statute and Articles 21(7) and (8) of the Claims Rules, the Claims in Group **G-A2.3-000005**, as listed in RCMS, shall be recorded in the Register.
