11. External data	No
12. Use of mass claims processing methods and techniques	Grouping
13. Use of AI in processing	No
14. Executive Director’s recommendation	To record all Claims in the Register

I. Introduction

1. This Group comprises 59 claims (the “Claims”) in Category A2.1 – Death of an Immediate Family Member.
2. The Claims have been reviewed by the Secretariat in accordance with Article 19 of the Claims Rules.

II. Methodology

3. The following criteria were applied by the Secretariat to identify the Claims in this Group:
 - a. the Claims were filed by natural persons who are Ukrainian nationals;
 - b. the Claims concern the death of an immediate family member in the territory of Ukraine;
 - c. the family relationship is confirmed by an entry in the State Register of Civil Status Acts (Register of Civil Status Acts);
 - d. the death is confirmed by an entry in the Register of Civil Status Acts;
 - e. the deceased were civilians and did not belong to the Ukrainian Armed Forces or the Ukrainian Territorial Defence;
 - f. as per the Claimants’ submissions, the death was caused by (i) active hostilities, (ii) shelling (air strike, artillery, mortar, small arms, other types of shelling), (iii) violent actions during stay in temporarily occupied territories, in combat zones/potential combat zones, (iv) violent actions due to unlawful imprisonment or abduction, (v) torture, inhuman or degrading treatment or punishment; or (vi) other events linked to the internationally wrongful acts of the Russian Federation;
 - g. all Claims contain supporting documents corroborating the Claimants’ statement on the causal link between the event and the international wrongful acts of the Russian Federation;
 - h. the Claims fulfil the general requirements set out in Articles 10 and 13 of the Claim Rules, as well as the technical requirements prescribed by Article 17 of the Claims Rules.
4. The Board has also reviewed the Secretariat’s reliance on the Register of Civil Status Acts and data contained therein. Considering that it is an official register established and regulated under Ukrainian law, the Board finds it appropriate to rely on data from the Register of Civil Status Acts to the extent proposed by the Secretariat in addition to evidence contained in the relevant Claims, in accordance with Article 19(3) of the Claims Rules.

III. The Board’s Assessment

5. Article 6.5(c) of the Statute of the Register of Damage Caused by the Aggression of the Russian Federation against Ukraine (the “Statute”) provides that the Board has the 'ultimate authority in determining the eligibility of claims to be recorded in the Register, based on the

recommendation of the Executive Director. In accordance with Article 2.1 of the Statute, the Register's role is to assess and determine the "eligibility of claims for inclusion in the Register" and to record eligible claims "for the purposes of their future examination and adjudication". The Register does not any have adjudicative functions with respect to such claims, including determination of responsibility and amount of compensation.

6. On this basis, the Board considers that in the performance of its functions under the Statute, its role is limited to ascertaining whether the criteria for the eligibility of claims submitted, as laid down in Article 2.2 of the Statute and Article 18 of the Claims Rules, have been met. This determination is made applying a *prima facie* standard of review of the evidence and information in the recommendation of the Executive Director.
7. In accordance with Article 18 of the Claims Rules, claims shall be eligible for recording if they meet the following criteria:
 - a. the claims are submitted by or on behalf of an eligible Claimant;
 - b. the claims are for damage, loss or injury that occurred on or after 24 February 2022;
 - c. the claims are for damage, loss or injury that occurred in the territory of Ukraine within its internationally recognised borders, extending to its territorial waters; and
 - d. the claims are for damage, loss or injury that was caused by the Russian Federation's internationally wrongful acts in or against Ukraine.
8. Claims cannot be recorded in the Register if they are manifestly unfounded.
9. The Claimants in this Group are natural persons of Ukrainian nationality, submitting Claims on their own behalf. All Claims concern deaths that occurred on or after 24 February 2022 based on the date of event indicated by the Claimants, as well as the date of death recorded in the Register of Civil Status Acts. All deaths in this Group occurred within the internationally recognised borders of Ukraine.
10. All Claims contain data from the Register of Civil Status Acts and concern deaths caused by (i) active hostilities, (ii) shelling (air strike, artillery, mortar, small arms, other types of shelling), (iii) violent actions during stay in temporarily occupied territories, in combat zones/potential combat zones; (iv) violent actions due to unlawful imprisonment or abduction, (v) torture, inhuman or degrading treatment or punishment; or (vi) other events linked to the internationally wrongful acts of the Russian Federation. All Claims further contain supporting documents corroborating the Claimants' statement regarding the causal link between the event in question and the internationally wrongful acts of the Russian Federation.
11. The Board considers that a relevant entry in the Register of Civil Status Acts constitutes proof of the existence of a necessary immediate family relationship between the Claimant and the deceased person as required by para. 3.3 of Claim Form A2.1 (i.e. parent, child, or spouse), as well as proof of death of the latter.
12. The Board therefore determines that the eligibility criteria in Article 18 of the Claims Rules for recording the Claims in the Register are met.

IV. Decision

13. Pursuant to Articles 21(7) and (8) of the Claims Rules, the Claims in Group **G-A2.1-000001**, as listed in RCMS, shall be recorded in the Register.

Robert Spano
Chair of the Board of the Register of Damage for Ukraine
